We guarantee our products 100% and will replace your order or issue a credit if you are ever unhappy with the quality. No hassle

#### DECIDE HOW MUCH TO ORDER

We recommend starting with a box with 2 pieces of fruit per person per week. For a 25-person office: try a Harvest Mix, Large (50-servings), delivered weekly; and a Thoughtful Snacks Mix, Medium (75-servings), delivered every other week. Connect with us and we can help you craft a custom program

#### Our Mission

Since 1998, The FruitGuys has been on a mission to sustainable agriculture and combat hunger. Buying your fruit from The FruitGuys helps our family-owned and operated B Corp business sustain the small independent farmers we support and source from and the hunger-relief non-profits we donate to through our GoodWorks programs. We support this mission by donating a minimum value of 20% annual profits to fight hunger and support sustainable farming practices.
